## Summer Adventure 2008

### Home Assignment

On June 29<sup>th</sup>, we spoke at Ira and Odessa, Texas, drove to Austin to say our **goodbyes** to family and then head back to Anderson, (in between LeAnn flew to Florida to say goodbye to her family) to close up the apartment and pack up to head out on July 13<sup>th</sup>.

This past year we spoke at 30 churches, drove more than 35,000 miles, and flew at least 10,000 miles. We **THANK** you for your hospitality and kindness to us at each stop.

A few photos from our Home Assignment.

### Our SLOW Return to Cote d'Ivoire

As we look back over the last 5 days and our extended trip back to Cote d'Ivoire we **KNOW** that the Lord has led us each step of the way.

When we left Anderson, we intended to be in Abidjan on Monday, July 14<sup>th</sup>. However, that was not the Lord's plan. Due to bad weather on the East Coast, we missed our Brussels flight, so our trip was delayed 36 hours. We ended up spending a night each in Virginia and in Brussels. **We understood why later** when we read the news from Abidjan: "Persons demonstrating in the streets over increased fuel prices." Because of this delay we were able to rest a little bit before our arrival into Abidjan and have an evening with some special friends in Brussels, our former neighbors in Abidjan - an unexpected blessing. We also missed the demonstrations in Abidjan. The Lord has once again shown **HIS** hand upon us. **Please Praise HIM with us.**

### Prayer Issues

- Our **adjustment** back into Cote d'Ivoire.
- **Wisdom** as we search for and purchase a vehicle.
- **Lee's** return to Senegal for the school year in August.
- **Laura** as she adjusts to living in the US without us and starts her 2<sup>nd</sup> year at Anderson University.

### Praise Items

- A good home assignment.
- A safe return to CI.
