## OPPORTUNITIES OF GRACE

Over the last 2 months we have had unique opportunities to share the grace and love of Jesus with others. We stand in awe at how God has placed us in unique places at opportune moments to help others see HIM. This past month, three persons have openly asked us if we were Christians and why we live here in Cote d'Ivoire. Such grace moments have given us the opportunity to show them HIS love and grace. It is also fun to host visiting groups to discover Cote d'Ivoire and experience God's work personally. We also discovered this place all over again through their eyes. May the Lord continue to place us where HE wants us to be each and everyday.

### Work Team a real blessing!

Five people from MN and NC spent 10 days in September working on the Yamoussoukro property. The team pictured above with local pastors and church youth along with Sherman and Larry worked hard pouring cement, putting in a drainage system, painting, soundproofing the radio studio, cleaning, moving soil and many more jobs. They also worked hard to build a bridge of relationships across the ocean! GREAT JOB !!

## A visit from The Robinsons

September 1<sup>st</sup> found us at the Abidjan airport picking up Pastor Kerry and Becky Robinson from Anderson, IN. It was a blessing to have them here with us. Pastor Kerry did a great job teaching a preaching course at IBAO and Becky did an excellent job speaking for the women's conference. We were able to expose them to the broader work of the Church of God here including a trip to the North and several village churches.

## Youth Retreat in Korhogo

Larry had the opportunity of being one of the speakers for the National Youth Retreat held in the northern area near Korhogo in August. Over 40 highly motivated and promising youth attended from all four regions of the country where we have churches. An AIDS awareness film and discussion were included in the program to help youth make wise choices concerning their sexuality. The national youth leadership did a great job of organizing and leading this retreat.
